Nature of Complaint:

E-01345A-05-0816

01/23/06 Mr. Arnon is not in favor on the increase unless it's for improvements to the Arizona Public Service ("APS") facilities. For example the conditions of the facilities in the sunny slope area. They are very old look bad and need to be replaced. He is requesting that APS buried the lines and upgrade the facilities.

In regards to the Solar Energy he would like for APS to buy back the unused energy back like Salt River Project ("SRP"). SRP sells a \$1.00 per kilowatt and buys it back at a \$1.00 per kilowatt. On the other hand APS sells their energy at a \$1.00 per kilowatt and buys the unused back for a dime. This should be equal.
